Event Proposal

Simple Tech for Engineers Program (STEP)

Friday 27th March 2026

Organised By:

University of Nottingham Malaysia Robotics Society

1.0 SUMMARY OF EVENT PROPOSAL	
Event Title	STEP (Secondary School Arduino Workshop)
Event Type	Off Campus
Event Scale	High Risk Event
Targeted No. of Attendees	30
Ticket Price per student	RM 50.0
Starting Date & Time	27th March 2026 - 11:00 a.m.
Ending Date & Time	27th March 2026 - 4:30 p.m.
Venue	Kolej Tuanku Ja'afar (KTJ)

1.1 EVENT SAFAS	
Will there be SAFAS?	No
If 'No', why?	This is not a dangerous event

1.2 EVENT BENEFICIARIES (IF APPLICABLE)	
Name	
Contact No.	
Address	
Amount (RM)	

2.0 OBJECTIVES (< 20 WORDS)	
1.	Learn basic Arduino programming and hardware as well as generate interest in enrolling into UNM

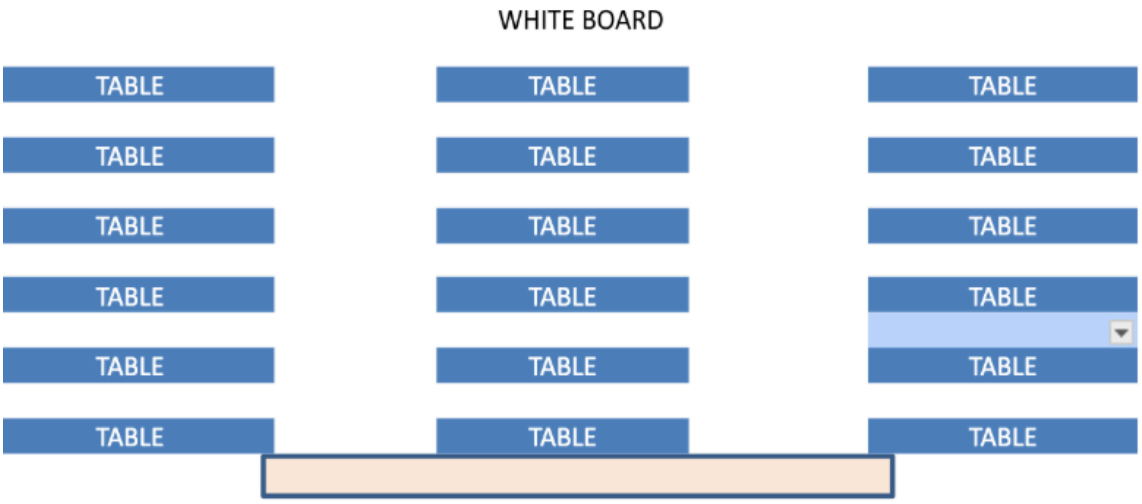
2.1 DESCRIPTION (< 100 WORDS)	
1.	This one-day technical workshop is designed for international or private school students nearby Selangor, Malaysia. The methodology involves hands-on activities to teach introductory electrical theory and fundamental programming concepts. Participants will learn to integrate sensors and actuators to build basic control systems. The primary objective is to equip students with the foundational knowledge required for independent hobbyist projects and to encourage further academic self-study in embedded systems, generating interest in UNM enrollment.

3.0 EVENT TEAM COMMITTEE DETAILS				
No.	**Title / Role**	**Name**	**Phone No.**	**Student ID**
1	Organising Chairperson	Benedict Ngai En De	012-531-3796	20710126
2	Vice Organising Chairperson	Mohammad Wasaq	011-5362-8041	20702601
3	Vice Organising Chairperson	Christella Hing Je Lin	011-1188-7873	20793341
4	Finance	Chia Kai Ler	018-251-2813	20614618
5	Marketing	Sim Ching Yi	011-1197-1550	20712206
6	Speaker	Randy Ngui Yee Shwen	014-3258-945	20703668
7	Event Manager	Benedict Ngai En De	012-531-3796	20710126

3. PROJECT TIMELINE		
Projected Deadline	**Task**	**Dept.**
26th November 2025	Set Project Timeline	Event Committee Team
28th January 2026	Promote event to KTJ	Secretary & Marketing
12th March 2026	Receive confirmation from KTJ	Public Relations
13th March 2026	EPF Submission	SA Office
27th March2026	Event Day	Robotics Society

4.0 EVENT FLOOR PLAN / LAYOUT

Auditorium



5.0 EVENT DETAILS & ITINERARY		
Time	Itinerary Details	Description
	Student Registration and Welcome	As students arrive, committee members will guide them to the correct location to be seated. Participants sign in, receive event materials, and are greeted by the organizing team to set a friendly tone.
Before 11:00 AM, participants should be ready at the classroom/lab , the workshop will start at 11:00 AM	Opening Speech	A short welcome address introduces the event's objectives.
11.00. a.m. - 11.15 a.m.	Introduction to Arduino IDE and Tinkercad	Overview of the software tools used for coding and circuit simulation, ensuring students are comfortable with the platforms.
11.15 a.m. - 11.35 a.m.	Brief Explanation of Each Electrical Component Used in Activities	Simple introductions to resistors, LEDs, sensors, and other components, highlighting their roles in circuits.
11.35 a.m - 12.00 p.m.	Explanation on Circuit Connections	Visual demonstration of how to connect components correctly.
12.00 p.m. - 12.30 p.m.	Overview of Arduino Programming Concepts, Commands,	A beginner-friendly walkthrough of Arduino syntax and structure to build confidence in

	and Tools Used During the Workshop	coding.
12.30 p.m. - 1.00 p.m.	Programming Commands with Examples	Hands-on practice with commands used on that day to show how code interacts with hardware.
1.00 p.m. - 2.00 p.m.	Lunch break	Time for participants to relax, network, and recharge before the practical sessions.
2.00 p.m. - 3.00 p.m.	Activity 1	Guided project where students apply what they've learned to build an Arduino project.
3.00 p.m. - 4.00 p.m.	Activity 2	A continuation of the project with a more advanced focus, encouraging creativity and problem-solving, reinforcing skills from Activity 1.
4.00 p.m. - 4.10 p.m.	Feedback Form and Social Media Connections	Participants will be invited to complete a feedback form to share their thoughts on the workshop. They will also be encouraged to follow our official Instagram account and provided with details on how to contact us across various platforms
4.10 p.m. - 4.15 p.m.	Group Photo	A collective snapshot to commemorate the event and celebrate collaboration.
4.15 p.m. - 4.30 p.m.	Souvenir Distribution, E-certification and Closing Remarks	Participants receive small souvenirs and digital certificates, followed by a closing speech to thank everyone and highlight future opportunities.

6.0 TENTATIVE BUDGET			
No.	**Description**	**Projected Income**	**Projected Expenses**
1.	Registration	RM 1500.00	
2.	Souvenir		~RM 250.00
3.	Transportation		TBC
TOTAL		RM 1500.00	RM 250.00
Budgeted Profit		RM 1250.00	

7.0 ADDITIONAL CHECKLIST			
Please tick in the box as required.			
No.	**Pillars**	**Tick**	**Remarks**
1.	Invited Internal /External guest speakers • *Provide the guest speakers' background and details*	☐	
2.	Event open to other Universities	☐	
3.	Event open to public	☐	
4.	Event open to Schools or Minors	☐	
5.	Only for meeting	☐	
6.	Food & Beverages • *All Food & Beverages must be Halal* • *Food and Beverage Committee (if prepared by CS)*	☐	
7.	International/Local Volunteers (non-UNM)	☐	
8.	Transportation (Bus/van/carpool/grab) • *Attach quotation*	☐	A member of the Robotics Society will drive the required committee to Kolej Tuanku Ja'afar
9.	Assistance from other Departments (e.g. Security, Estate, Career Offices, etc.)	☐	
10.	Accommodation (on-campus)	☐	
11.	Sports Complex Venue Booking • *Attach the approved booking form from SC*	☐	
12.	First Aider Details	☐	
13.	Transportation arrangement to and from the field event (if any)	☐	
14.	Hotel check in address/tel (if any)	☐	
15.	List of external participants	☐	
16.	Events include Sponsorship	☐	
17.	Movie / Screening Form	☐	

8.0 VENDOR DETAILS	
Name	
Contact Number	
List of Product/Menu	
No of External Vendor i. Food and Beverages Vendor ii. Non - Food and Beverages Vendor iii. Food Truck	
Purpose of having external vendor	

9.0 Safety / Hazard Identification, Risk Assessment, and Risk Control (HIRARC)

HIRARC					
Potential Risks/Hazards	**Type of Hazards**	**Risk Control**	**Likelihood**	**Severity**	**Risk Analysis (Likelihood x Severity)**
Speakers are too loud	Noise	Conduct proper sound check before event	3	1	3
Delays at the start of the event	Organizational	Administrative control - Training	4	1	4
Short Circuit	Electrical	Wires should be properly insulated and correctly wired	3	2	6
Muscle strain from prolonged sitting	Ergonomic	Engineering control - Redesign	4	1	4

9.1 DETAILED RISK, CONTROL & EMERGENCY PROCEDURES			
Potential Risks/Hazards	**Possible Causes**	**Control**	**Emergency Procedure**
Speakers are too loud	Speakers are not adjusted properly	Conduct proper sound check before event	Immediately reduce speaker volume
Delays at the start of the event	Slow registration process	Conduct a test run before the event	Adjust program schedule, shorten or merge activities
Short Circuit	Exposed wires touching or incorrect wiring	Wires should be properly insulated and correctly wired	Immediately switch off or disconnect the power supply
Muscle strain from prolonged sitting	Prolonged sitting in fixed positions	Seating is arranged with adequate space and legroom.	Breaks are given to minimize prolonged sitting.

9.2 CONTINGENCY PLAN	
Situation	**Solution**
Equipment failure	Use spare components
Short circuit or overheating	Immediately cut power
Late arrivals	Shorten activities
Overcrowding	Rearrange seatings

10.0 ADDITIONAL INFORMATION

University Pillars			
No.	**Pillars**	**Tick**	**Descriptions**
1.	Inclusivity	☐	
2.	Ambition	☐	
3.	Openness	☐	
4.	Fairness	☐	
5.	Respect	☐	

Additional Remarks

Robotics Society is currently waiting for confirmation from KTJ and wanted to get the EPF submitted before the holiday. We will provide an update as soon as we get confirmation. Please email us at unmcrobots@gmail.com for any enquiries.

11.0 SIGNATURES
